

Product Information

Pitpapra

Pitpapra is a small herb native to Europe and Asia. Known for its feathery leaves and pink to purple flowers, it is used in traditional medicine for its detoxifying properties. Pittpapara supports liver health, improves digestion, and promotes skin wellness, often used to treat acne and reduce inflammation. Its antimicrobial and antioxidant effects contribute to overall health.

Fumaria officinalis

Fumitory, Earth Smoke

Active Ingredients

Dry Powder Extract

Active: 3% Bitters
Ratio: 6:1

Soft Paste Extract

Active: 2% Bitters
Ratio: 5:1

Part Used: Whole plant

Medicinal Uses

Fumaria officinalis is a medicinal herb commonly used in traditional medicine for its various therapeutic properties. It is known for its detoxifying, anti-inflammatory, and antimicrobial effects. Pittpapara is primarily used to support liver function and promote healthy digestion by improving bile secretion and treating conditions like jaundice and constipation. It is also effective in clearing skin conditions such as acne, eczema, and psoriasis due to its blood-purifying properties. Additionally, Pittpapara is used to alleviate respiratory issues like coughs and bronchitis and is believed to have a calming effect on the nervous system.
