

Product Information

Pudina

Pudina is a fragrant perennial herb from the Lamiaceae family. It thrives in temperate and subtropical regions and is widely grown for its culinary and medicinal value. The plant is recognized by its bright green, lance-shaped leaves, square stems, and small lilac to pink flowers arranged in slender spikes. Known for its refreshing aroma and flavor, Pudina is commonly used in teas, food preparations, and traditional healing practices.

Mentha viridis

Spearmint

Active Ingredients

Dry Powder Extract

Active: -
Ratio: 10:1

Soft Paste Extract

Active: -
Ratio: 7:1

Part Used: Leaves

Medicinal Uses

Mentha viridis is valued in Ayurveda for its cooling, digestive, and calming properties. It aids in relieving indigestion, bloating, nausea, and respiratory congestion. With natural antimicrobial and anti-inflammatory actions, it helps maintain oral hygiene and supports immunity. Rich in antioxidants, it also promotes healthy skin, eases stress, and refreshes the body, making Pudina a versatile herb for everyday wellness and therapeutic use.
