

Product Information

Safed Musli

Safed Musli is a perennial herb with slender, lance-shaped leaves and fleshy, tuberous roots highly valued in traditional medicine for their rejuvenating and health-boosting properties. The plant thrives in well-drained, sandy soil in partial sunlight, making it easy to cultivate in tropical and subtropical regions. With its rich nutritional profile, Safed Musli has become a sought-after herb in Ayurveda and pharmaceutical industries.

Chlorophytum arundinaceum

Climbing Asparagus, White Musli

Active Ingredients

Dry Powder Extract

Active: 30% Saponins
Ratio: 3:1

Soft Paste Extract

Ratio: 2.5:1

Part Used: Rhizome

Medicinal Uses

Chlorophytum arundinaceum is an important Ayurvedic herb, having a great demand in the international market for its aphrodisiac, adaptogenic, and rejuvenating properties. Certain general medicinal benefits that this versatile herb offers are increasing physical stamina and energy, improving male reproductive health, and being quite effective in managing stress and anxiety. Its anti-inflammatory action supports joint health and, hence, is beneficial in arthritis. Safed Musli is a valuable herb that has been able to establish its position in maintaining a healthy and vibrant lifestyle by boosting immunity and promoting overall well-being.
