

Product Information

Kali Musli

Kali Musli is a perennial herb from the Hypoxidaceae family, widely found in the tropical and subtropical regions of India. It thrives in shaded, moist soils and is identified by its narrow, grass-like leaves and underground rhizomes, which hold the main medicinal value. The plant bears small yellow flowers close to the ground and is traditionally cultivated for its therapeutic importance, making it a highly esteemed herb in Ayurveda.

Curculigo orchioides

Black Musli

Active Ingredients

Dry Powder Extract

Active: 15% Saponins
Ratio: 10:1

Soft Paste Extract

Active: 10% Saponins
Ratio: 7:1

Part Used: Root

Medicinal Uses

Curculigo orchioides is renowned in Ayurveda for its strengthening, rejuvenating, and aphrodisiac qualities. The rhizomes are used to boost stamina, vitality, and reproductive health, while also supporting overall energy and immunity. With anti-inflammatory and antioxidant properties, it helps in managing fatigue, promoting wellness, and reducing weakness. Additionally, Kali Musli is used in traditional remedies for urinary issues, joint pain, and general debility, making it a versatile and valuable medicinal herb.
