

Product Information

Lajwanti Panchang

Lajwanti Panchang is a sensitive perennial herb of the Fabaceae family, found in India's fields, wastelands, and roadsides. It has slender, creeping stems, pinnate leaves that fold when touched, and small, pink, fluffy ball-shaped flowers. The roots, stems, and leaves collectively Panchang are used in traditional Ayurvedic medicine. It thrives in well-drained soils under sunny conditions and is valued for its medicinal properties.

Mimosa pudica

Touch-me-not

Active Ingredients

Dry Powder Extract

Active: 10% Tannins
Ratio: 10:1

Soft Paste Extract

Active: 6% Tannins
Ratio: 7:1

Part Used: Whole plant

Medicinal Uses

Mimosa pudica is traditionally used in Ayurveda for its anti-inflammatory, astringent, and wound-healing properties. It supports urinary and reproductive health, aids digestion, and helps manage diarrhea and dysentery. The plant also exhibits antimicrobial, antioxidant, and nervine properties, promoting immunity and overall wellness. Rich in bioactive compounds, Lajwanti Panchang is used to strengthen the body, improve vitality, and support general health. Its therapeutic properties make it a valuable ingredient in formulations for digestive, urinary, and reproductive wellness.
