

Product Information

Khus, Valo

Khus, commonly known as Valo, is a perennial aromatic grass from the Poaceae family. It grows in dense clumps with long, narrow leaves and a deep, fibrous root system. The roots have a pleasant fragrance and are the main part used for traditional, medicinal, and aromatic purposes.

Vetiveria zizanioides

Vetiver

Active Ingredients

Dry Powder Extract

Active: -

Ratio: 10:1

Soft Paste Extract

Active: -

Ratio: 7:1

Medicinal Uses

Khus is traditionally used in Ayurveda for its cooling and soothing properties. Its roots are commonly used to help manage body heat, support digestion, and promote relaxation. They are also traditionally used in skin-care preparations and are valued for their refreshing and antioxidant properties. Khus is also appreciated for its aromatic and calming qualities, making it a popular ingredient in traditional herbal preparations. Its roots are commonly incorporated into formulations designed to provide a refreshing and soothing experience.
