

Product Information

Papita

Papita, commonly known as papaya, is the fruit of *Carica papaya*, a fast-growing plant belonging to the Caricaceae family. The plant has a soft, hollow stem with large, deeply lobed leaves. Its fruits are oval to elongated, with green skin that turns yellow or orange when ripe. The ripe fruit has soft, sweet flesh and contains numerous small black seeds.

Active Ingredients

Dry Powder Extract

Active: -

Ratio: 12:1

Soft Paste Extract

Active: -

Ratio: 8:1

Part Used: Fruit

Medicinal Uses

Papita fruit is traditionally valued for its nutritional and digestive benefits. It contains dietary fibre, vitamins, and antioxidants that help support overall health. It is commonly consumed to support digestion and bowel regularity and may also contribute to healthy skin and immune function. Its natural enzymes are traditionally appreciated for supporting comfortable digestion and nutrient breakdown. Papita is also valued as a wholesome fruit that can be included in a balanced diet to support overall wellness.
