

Product Information

Patolpatra

Patol Patra (*Trichosanthes dioica*) is a perennial climbing plant from the Cucurbitaceae family. It has slender, branching stems, heart-shaped leaves, and small white flowers. The plant produces elongated green fruits with light stripes and grows well in tropical and subtropical regions.

Trichosanthes dioica

Pointed Gourd

Active Ingredients

Dry Powder Extract

Active: 10% Saponins
Ratio: 10:1

Soft Paste Extract

Active: 6% Saponins
Ratio: 7:1

Part Used: Leaves

Medicinal Uses

Patol Patra is traditionally used in Ayurveda for its cooling and digestive-supporting properties. Its leaves are commonly used in traditional preparations to support digestion, appetite, and liver health. It is also traditionally valued for its antioxidant and anti-inflammatory properties. The leaves are also traditionally appreciated for their cleansing and soothing qualities in herbal formulations. Patol Patra is commonly included in traditional wellness practices to help maintain digestive balance and overall health.
