AERO MOD
Sequox®-Biological Nutrient Removal. ClarAtor®-Secondary Clarifiers. Diffuser access Systems.

ALBIN PUMPS
Sequox®-Biological Nutrient Removal. ClarAtor®-Secondary Clarifiers. Diffuser access Systems.

AqueoUS Vets
Filtration Systems for PFAS & Contaminant Removal.

ARIA FILTRA (Formerly Pall Water)
Aria™ MF, UF and RO Membrane systems.

ARXTERA
Process Intensification Technologies including miGrate and AvN.

ATLAS COPCO
Magnetic Bearing High Speed Turbo, Screw, Lobe & Multistage Centrifugal Blower Systems with custom integrated controls.

BÖRGER
Rotary Lobe & Grinder Pumps for sludge transfer and feed.

CHARTER MACHINE COMPANY
Two & Three Belt Filter Press & Gravity Belt Thickener dewatering equipment solutions.

CHEMCO EQUIPMENT COMPANY
Slurry, Paste & Batch Style Lime Slakers & Feeders. Bulk Chemical Storage Silo Systems with integrated controls.

cleanwater1 (formerly UGSI CHEMICAL FEED, INC.)
Polyblend™ & DynaBlend™ polymer blending, feed & control systems.

CONNEXUS
Rectangular clarifier and DAF components.

CONTINENTAL CARBON GROUP
Carbon based odor control & GAC Water Treatment Systems.

CST INDUSTRIES
(Formerly Temcor & Conservatek)
Offers Aluminum Covers for all Water & Wastewater Applications.

CUSTOM CONVEYOR a Division of Schwing Bioset
Material Handling belt & screw conveyors. Storage solutions & gates.

DE NORA WATER TECHNOLOGIES, INC. (TETRA®)
TETRA® Denite™, DeepBed™ and storm flow filters using Snap-T concrete underdrain block filter. Bayoxide E33 for arsenic & phosphorous removal. Clortec Gen 3 onsite Sodium Hypochlorite Generation Systems.

EBARA HG (formerly HAYWARD GORDON)
Specialty solids handling pumps including Chopper, Screw Centrifugal and Recessed Impeller. Nozzle mixing system design using CFD modeling & design.

EDI
Fixed Grid diffused aeration products.

ENDURO COMPOSITES
Fiberglass Tank Covers featuring the innovative AXS-6 and robust XL6 Systems. FRP Baffle Walls, FRP Weirs & Baffles, Density Current Baffles, Launder Covers & Troughs for all clarification & filtration applications.

EXCELSIOR BLOWER SYSTEMS, INC. Packaged PD Blower Systems using the complete line of Gardner Denver Lobe Blowers.

FLOTTWEG
Thickening and dewatering centrifuges.

FLYGT a Xylem brand
Industry leader in the design and supply of submersible mixing equipment including the Compact 4600 & Gear driven 4400 motors with built in variable speed technology in the Compact 4200 and Gear Driven 4300 Series. State of the art adaptive mixing using permanent magnet.

FONTAINE AQUANOX
Custom Fabricated stainless steel gates for all applications including submerged, channel, weir, stop plates & stop logs.

GOOCH THERMAL SYSTEMS, INC.
Spiral heat exchangers.

H2O INNOVATION
MF, UF, NR & RO Membrane Systems FLEXBOX™ Rental Solutions.

HUBER TECHNOLOGY
Visit the newly expanded all stainless steel Huber Factory located in Denver, NC that offers a separate building for performing full submergence acid passivation. Equipment includes 16 fine mechanical bar screening system platforms, Grit Wolf, Grit Washing, Cloth and Monomedia Disc Filters, Strain Press, Screw Press, Disc Thickeners, Belt Dryers, Solstice Solar Dryer, submarine doors, etc.

INDUSCO ENVIRONMENTAL SERVICES
Complete Packed Tower Degasification Systems with duct, dampers, built in cleaning systems & integrated controls. Complete line of Wet Chemical Odor Control & Chlorine Scrubbers.

IXOM (formerly Orica Watercare)
MIEX® and MICo™ Ion Exchange resin process & MagnaPak™ packaged treatment systems for removal of DBP precursors, organics & hardness. W/WW Treatment & Distribution Aeration & Mixing Systems, Disinfection By-Product Mitigation & Removal, Disinfectant Monitoring & Control, PFAS Removal. Reservoir Cyanobacteria Mitigation, Taste & Odor Control, Iron & Manganese, H2S Degassing.

KUBOTA
Industry leader in complete process design and system supply of flat plate MBR Treatment Solutions.

MKI SERVICES, INC.

DACO™ bulk lime silos & accessories. Vendor furnish & install capability to simplify & expedite equipment refurbishment projects.

NAPIER REID
Gravity Filter Systems, BIO-BATHCH (SBR), Membrane Filtration Systems, Clarifiers, Bio-Rotor (RBC), Package Water and Wastewater Plants, DIFLOAT (DAF's), GAC Systems, Pressure Filters, MBR Modules.

NORDIC WATER/A Sulzer Brand
SUPERSETTLER™-Lamella Plate Settlers. SUPERCLOTH™-Disc Filters. SUPERSAND™-Continuous Backwash Filters.

OLDCASTLE (formerly HYDRO INTERNATIONAL)
Headcell™ grit concentrator, GritCleanse ™ , Slurrycup™, Teacup™, OptiCup™, Grit Cup™, Grit Snail™, SpiraSnail™ grit washing & dewatering systems. Grit King® standalone vortex grit separator.Sludge Screen technology.

PULSCO
Water hammer and surge control systems.

SANITAIRE a Xylem brand
Membrane, ceramic and coarse bubble diffusers. Advanced SBR Technology featuring the ICEAS® process.

SCHWING BIOSET
Bioset — Class AA Biosolids Process, Schwing Piston Pumps, Sliding Frame Silos & Container Wagons for Sludge Handling. Complete line of Screw Presses. NuReSys process solution for struvite removal & phosphorus harvesting. Fluidized Bed Sludge Drying Technology.

SHAND & JURS
Digester gas safety and handling equipment. Relief valves, flame arresters, gas control, burners & flares.

TOMCO$_2$ SYSTEMS
Liquid carbon dioxide storage and PSF carbonic acid feed systems for recarbonation and pH control.

VEOLIA WATER TECHNOLOGIES & SOLUTIONS (SUEZ/ OZONIA)
Accelator® softeners, Greenleaf Filters, DensaDeg®, AquaDAF™ flotation. Climber® screens, ABW® traveling bridge filters, Cannon® digester mixers, BioFor™ biological treatment filters, Ozonia Ozone and Aquaray® UV Systems.
WARMINSTER FIBERGLASS
FRP buildings, weir plates, scum baffles, density current baffles, launders, launder covers & parshall flumes.

WESTECH, INC.
One of the largest Municipal & Industrial equipment and process solution manufacturers in North America. OxyStream™ Activated Sludge processes, clarification, filtration, DAF, digestion mixing & cover systems, lime sludge thickeners, vacuum filters, etc. Nordic Water SuperSand and SuperDisc Technology. General Filter & MicroFloc Products.

WORLD WATER WORKS, INC.
Integrated Wastewater Treatment Technologies including inDENSE, MBBR/IFAS, DEMON/DETOUR Annamox, DAF, AAA and BIOCOS

MOSS KELLEY
- a UFT Company -
