

SNV-18 | THE HEAVY-DUTY STRAIGHT SCALER

SNV-18 is the latest addition to our proven high power and low vibration needle scalers!

As our pistol grip needle scalers, it has high power and even lower vibration and noise levels. A powerful tool that you can use with high precision and work with for a long time without getting tired, with much less vibration than conventional designs.

Our patented green air drive system makes it all possible and with a very low air consumption as well. Try it and see why IPT tools are the only real green choices!
