

EP-100

MORE POWER - LESS VIBRATIONS

Experience the power of the lightweight EP-100, an engraving pen that rivals the strongest conventional models while maintaining minimal vibrations. Our anti-vibration system allows for faster, all-day work without discomfort. EP-100 stands superior to any other engraving pen on the market, offering exceptional power and control. This control allows you to work on various materials without changing the stylus tip, saving you the cost of multiple expensive tips.

IDEAL FOR

HARDENED AS WELL AS MILD STEEL
SOFTER ALLOYS AND TITANIUM
WOOD, PLASTICS, GLASS AND STONE

MANUFACTURED
IN SWEDEN

Key Features of EP-100

Powerful: Superior to other engraving pens, and with extreme low vibrations.

Control: Engrave various materials without changing tips.

Versatile: Works on steel, alloys, titanium, wood, plastics, glass, stone and other materials.

User-Friendly: Simple mechanism, low air/noise, comfortable grip, easy stylus exchange.

Length	Weight	Vibration	Noise	Frequency	Air flow	Connection	Size Hose
132 mm	0.16 kg	2.4 m/s ² *	65 dB (A) **	350 Hz	0.7 l/s	1/4 inch	3 – 5 mm

* Per ISO 28927-9

** Sound pressure level per ISO 15744.

All data is based on 6.4 bar air pressure
