

HRV-95A | THE RECOILLESS WELD FLUX SCALER

HRV-95A is proven for many years as the leading low vibration weld flux scaler.

Ergonomics doesn't have to cost more. Ask our customers! They won't switch back to conventional tools, and they don't have to for reasons of economy. The low vibration level makes it possible to work with higher precision than with other tools and the noise level is remarkably low. Try it and you'll be convinced too!
