Optional Accessibility Upgrades

These products are excluded from the standard Haven Collection.

All upgrades are individually assessed, quoted and approved based on the intended resident's requirements.

ELECTRIC ADJUSTABLE BEDS

Option 1

- Electric height and back/leg adjustment
- Supports independent mobility and transfers
- Suitable for aged care and accessibility needs
- Multiple size and mattress options available
- Quote required

Option 2

- Low-profile design for improved accessibility
- Electric height and back/leg adjustment
- Designed to support safe and easy transfers
- Suitable for aged care and accessibility needs
- Multiple size and mattress options available
- Quote required

Specialist beds may replace a standard queen bed. Confirm dimensions, mattress compatibility, bed positioning, safe working load and linen requirements.

SPECIALIST PRESSURE-CARE MATTRESSES

Option 1

- Visco-elastic foam design for pressure reduction
- Helps support skin integrity and comfort
- Suitable for long-term use
- Multiple sizes available
- Quote required

Option 2

- Premium triple-layer design for pressure care
- Enhanced support and comfort
- Suitable for higher care needs
- Multiple sizes available
- Quote required

Mattress selection must consider pressure management, transfers, bed compatibility and any clinical recommendations.

Optional Accessibility Upgrades

These products are excluded from the standard Haven Collection.

All upgrades are individually assessed, quoted and approved based on the intended resident's requirements.

OVER-BED / OVER-CHAIR TABLES

These are for personal use, such as over-bed or over-chair tables, and are not substitutes for the main dining table.

Option 1

- Height adjustable for bedside or chair use
- Smooth castor wheels for easy movement
- Stable and durable frame
- Suites a range of bed and chair styles
- Suitable for aged care and accessibility needs
- Multiple finishes available
- Quote required

Option 2

- Larger tabletop for added space
- Height adjustable to suit various needs
- Smooth castor wheels for easy movement
- Stable and durable design
- Suitable for aged care and accessibility needs
- Multiple finishes available
- Quote required

Option 3

- Compact design for flexible use
- Height adjustable for personalised comfort
- Smooth castor wheels for easy movement
- Stable and durable frame
- Suitable for aged care and accessibility needs
- Multiple finishes available
- Quote required

Optional Accessibility Upgrades

These products are excluded from the standard Haven Collection.

ⓘ All upgrades are individually assessed, quoted and approved based on the intended resident's requirements.

ADAPTED KITCHEN EQUIPMENT

Option 1

- Ergonomic handles for easier grip
- Designed for reduced hand strength
- Suitable for everyday use
- Multiple utensils available

Option 2

- Bendable design to suit individual needs
- Ergonomic handles for better grip
- Suitable for limited hand mobility
- Multiple utensils available

Other possible kitchen upgrades include:

One-handed chopping boards

Easy-grip jar openers

Adapted drinking cups

Non-slip food preparation equipment

SHOWER CHAIRS

Option 1

- Chair with arms for added support
- Height adjustable
- Stable and durable design
- Suitable for aged care and accessibility needs

Option 2

- Swivel seat for easier transfers
- Height adjustable
- Arms for added stability
- Suitable for aged care and accessibility needs

Selection must account for the bathroom layout, available transfer space and the resident's requirements.

PADDED SHOWER STOOL

- Padded seat and back for additional comfort
- Height adjustable
- Compact design suitable for smaller spaces
- Suitable for aged care and accessibility needs

An alternative to a shower chair where a different seating arrangement is required.

FURTHER ACCESSIBILITY OPTIONS – ASSESSMENT BASED

In addition to the linked products above, we can source the following where requested. All items require individual assessment, quote and approval.

1. Bedside transfer and mobility aids

- Bed sticks, transfer poles, bedside support rails and other transfer equipment.
- Assessed for compatibility, entrapment risks and safe use.
- Do not fit generic bed rails automatically.

2. Toilet transfer equipment

- Raised toilet seats, toilet surrounds, shower commodes and transfer benches.
- Selection depends on bathroom layout, toilet dimensions and individual transfer needs.

3. Fixed grab rails and bathroom modifications

- Grab rails, shower fittings and other fixed modifications are not part of the furniture package.
- Require property-owner approval, suitable wall support and appropriately qualified installation.

4. Accessible lighting and controls

- Motion-sensor lighting, accessible bedside controls and remote-operated lighting.
- Avoid loose cables and ensure controls are reachable.

5. Transfer hoists

- Mobile or ceiling hoists may be required for some residents.
- Require assessment of the resident, floor plan, equipment compatibility and any structural or installation requirements.

6. Evacuation and emergency equipment

- Personal emergency call systems, evacuation equipment and resident-specific procedures.
- Requirements should be determined with the accommodation provider and relevant professionals.

Why Choose WeFurnish

One Partner. One Process. One Beautifully Finished Property.

From concept to completion, we take care of every detail to deliver beautifully furnished, guest-ready homes.
