INTRODUCTION

BUILT BY RECRUITERS. FOR RECRUITERS.

Caliber is here. A simple, clean, more intelligent technology solution for recruitment professionals.

And we'd love you to try it. **Free.**

PLATFORM SHOWCASE

CLEAN, SIMPLE,
INTUITIVE.

BREAKDOWN

MODERN HIRING, MADE EASIER.

Caliber is a full-service recruitment software platform, a hybrid CRM & ATS tool constructed to meet the demands of agency recruiters.

With a simple, clean, intuitive and visually appealing display, Caliber delivers an energising and focused experience through clever use of colour, imagery and animation.

Common recruitment workflows are arranged in a manner that supports a variety of both longstanding, proven recruiter methodologies, alongside emerging trends in modern-recruiting. Whether you've used a major recruitment platform previously or are totally new to the world of recruitment software - using Caliber will be a walk in the park.

Our philosophy when creating Caliber was to focus our functionality on reducing administration and improving outcomes in the hiring process. With our design process driven by proven, expert recruiters and enhanced by some of the leading international innovators in software development, we guarantee you'll reclaim your time and boost your impact.
