

GENERAL INFORMATION

The ORENO is a sculptural pendant that combines a strong linear framework with a rhythmic arrangement of glass spheres to create a balanced and elegant lighting composition. Designed to emit a soft 360° ambient glow, it delivers uniform illumination while maintaining a visually light and refined presence. With its generous scale, customizable finishes, and timeless geometry, ORENO is well suited for dining areas, large living spaces, and hospitality interiors where statement lighting and functional performance are equally important.
