

## GENERAL INFORMATION

The P-FULL 5 pendant is a sculptural lighting fixture defined by its dynamic horizontal composition and lightweight visual balance. Crafted from aluminum, the fixture features multiple linear elements suspended from a central canopy, creating a striking yet airy presence within the space. Designed to deliver bidirectional illumination, P-FULL 5 provides both upward and downward light, enhancing ambient brightness while maintaining visual comfort. Its expressive form makes it a statement piece for dining areas, conference rooms, and contemporary residential or hospitality interiors. A selection of contrasting finish combinations allows the fixture to be tailored to a wide range of modern architectural environments.
