## GENERAL INFORMATION

LAVIA is a minimalist pendant luminaire characterized by a lightweight, cantilevered construction and a refined conical shade. The design creates a delicate visual balance between the slender arm and the suspended light element, giving the fixture an elegant and unobtrusive presence within the space. Designed to provide focused downward illumination, LAVIA is ideal for dining areas, hospitality interiors, and intimate residential settings where precise lighting and a calm, atmospheric expression are required. Adjustable suspension allows flexible positioning to suit different layouts and ceiling heights.
