## GENERAL INFORMATION

The CRISTOPHE is a refined pendant fixture that combines classic proportions with a contemporary architectural expression. Featuring a balanced circular composition with glass elements and brass detailing, it creates a sense of rhythm and visual harmony within the space. Designed to provide soft, omnidirectional illumination, CRISTOPHE delivers ambient light that enhances atmosphere without overpowering the interior. Its sculptural form makes it an ideal centerpiece for dining areas, hospitality settings, and statement residential installations. A curated selection of finishes allows the fixture to integrate seamlessly into a wide range of modern and transitional environments.
