

GENERAL INFORMATION

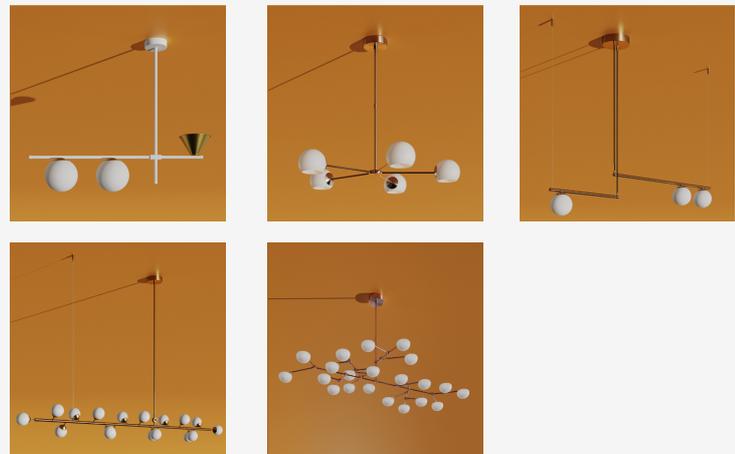

TRIS is a sculptural pendant luminaire defined by a refined linear composition and carefully balanced proportions. The brass structure supports frosted glass diffusers arranged with precision, creating a light and elegant visual expression that emphasizes geometry and material contrast. The design combines decorative character with architectural clarity. Designed to deliver soft 360° diffused illumination, TRIS is well suited for dining areas, living spaces, and hospitality interiors where lighting serves as both a functional element and a visual focal point.

SPECIFICATIONS
