## GENERAL INFORMATION

The ARCH 7U is a sculptural pendant that reinterprets the classic chandelier through a contemporary architectural approach. Crafted from brass and glass, the fixture features elegantly curved arms with downward-facing shades, creating a balanced composition of form and function. Designed to provide focused downward illumination, ARCH 7U offers practical lighting while maintaining a strong decorative presence. Its symmetrical layout and refined materiality make it well suited for dining areas, hospitality environments, and curated residential interiors. A versatile range of finish combinations allows the fixture to integrate seamlessly into both modern and eclectic design concepts.
