

GENERAL INFORMATION

The FOLDA is an acoustic linear pendant that combines sculpted, folded geometry with high-performance sound absorption. Its slim aluminum frame wrapped in 100% P.E.T. felt softens reverberation while delivering a comfortable 120° beam ideal for tables, counters, and collaboration zones. Offered in multiple lengths, color temperatures, and acoustic finishes, FOLDA gives designers a versatile tool for adding both visual expression and acoustic control to contemporary interiors.
