

## GENERAL INFORMATION

VECTA RUST G is a compact outdoor garden luminaire defined by its clean vertical form and precise light output. The linear illuminated surface delivers controlled asymmetrical downward illumination, creating a subtle wash of light that enhances ground-level visibility while minimizing glare. Designed for pathways, landscape accents, and low-level architectural applications, VECTA RUST G provides functional guidance lighting with a refined and minimal presence. Its rust-effect metal finish introduces a natural, textured character that integrates seamlessly into outdoor environments, combining durability with a contemporary design expression.
