

## GENERAL INFORMATION

LINE GR is a refined linear pendant defined by its ultra-slim profile and warm material expression. The elongated form delivers a precise, continuous line of light, creating a calm and focused illumination that enhances horizontal surfaces with clarity and elegance. Designed for dining tables, kitchen islands, and architectural interiors, LINE GR provides direct lighting with a clean visual presence. Its brass and metal construction introduces warmth and sophistication, while a selection of finishes allows the fixture to integrate seamlessly into both contemporary and classic environments. Subtle in form yet strong in effect, LINE GR emphasizes light as a quiet architectural gesture.
