

## GENERAL INFORMATION

SUBWAY STONE 3 is a refined multi-pendant composition that brings depth and rhythm to interior spaces through a coordinated arrangement of textured glass elements. Suspended at varying heights, the pendants create a layered visual effect while maintaining a cohesive and balanced design. Each glass form softly diffuses light while allowing a controlled direct component, resulting in a warm and inviting illumination. Ideal for dining areas, hospitality environments, and feature installations, SUBWAY STONE 3 functions as both a lighting solution and a decorative focal point, combining material richness with a sophisticated spatial presence.
