

GENERAL INFORMATION

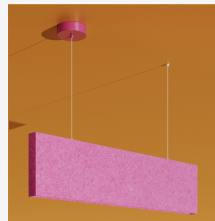

RESONO ZERO is a suspended acoustic element designed to enhance interior comfort through effective sound absorption and clean architectural form. Constructed from high-performance PET felt, the fixture helps reduce ambient noise and improve speech clarity in hospitality, workplace, and residential environments. Its slim linear profile integrates seamlessly into modern interiors while offering flexibility in size and finish options. Available in multiple heights and a wide range of acoustic felt finishes, RESONO ZERO allows designers to tailor both visual and acoustic performance to project requirements. Ideal for restaurants, offices, meeting rooms, and open spaces, RESONO ZERO delivers functional acoustic treatment with a refined, minimalist aesthetic.
