

## GENERAL INFORMATION

VECTA B is a compact outdoor bollard luminaire distinguished by its slim rectangular profile and linear light aperture, creating a precise and restrained architectural expression. The clean aluminum body emphasizes sharp edges and minimal surface detail, allowing the form to integrate seamlessly into contemporary exterior environments. Designed to deliver controlled, asymmetric downward illumination with a Type II distribution, VECTA B is ideal for pathways, perimeter lighting, and wall-adjacent applications where directional guidance, glare control, and visual clarity are required.

## SPECIFICATIONS

|                    |                                  |
|--------------------|----------------------------------|
| Material           | Aluminium                        |
| Lens               | Acrylic                          |
| Height             | 23.6"                            |
| Length             | 2.36"                            |
| Width              | 3.94"                            |
| Light Source Type  | LED                              |
| Power              | 12W                              |
| Input Voltage      | 110-277V, 50-60 Hz               |
| LED Output         | 120 lm/W                         |
| CCT                | 3000K / 4000K / 6000K            |
| CRI                | 80                               |
| Dimming & Driver   | Integral, 0-10V                  |
| Light Distribution | Type II – asymmetric, downward   |
| IP Rating          | IP 65                            |
| Warranty           | 5 years                          |
| Finishing          | 16 standard finishes             |
| Operating Temp.    | -40°C to +50°C (-40°F to +122°F) |
