

GENERAL INFORMATION

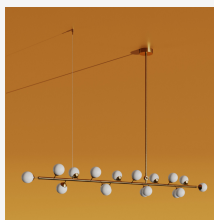

BUBBLES 3 is a refined linear pendant luminaire that combines minimalist brass structure with softly diffused glass spheres, creating a light and harmonious composition. The contrasting scales of the frosted globes add visual rhythm while maintaining a calm, balanced aesthetic. Designed to provide uniform, 360° ambient illumination, BUBBLES 3 is ideal for dining areas, kitchen islands, and hospitality interiors where sculptural presence and comfortable light distribution are equally important. Its timeless form and carefully considered proportions make it a versatile centerpiece in both residential and contemporary commercial spaces.
