

GENERAL INFORMATION

GRADALUX is an acoustic pendant luminaire that combines efficient LED lighting with integrated sound absorption in a distinctive sculptural form. Crafted from precision-cut P.E.T. felt panels, it enhances acoustic comfort while creating a bold architectural statement. Designed for offices, hospitality, educational, and collaborative environments, GRADALUX delivers focused illumination with multiple beam angle options for different lighting applications. Available in a wide range of acoustic felt colors, it can be customized to complement modern interiors while improving both visual comfort and spatial acoustics.
