

GENERAL INFORMATION

TESORA is an acoustic pendant that combines sculptural design with effective sound absorption to enhance both the visual and acoustic comfort of interior spaces. Its layered P.E.T. felt structure surrounds a softly diffused central light source, creating balanced 360° illumination while reducing ambient noise. Ideal for offices, hospitality, educational, and collaborative environments, TESORA serves as both a decorative centerpiece and a functional acoustic solution. Available in multiple sizes and a wide range of acoustic felt colors, it can be tailored to complement a variety of architectural and interior design concepts.
