

GENERAL INFORMATION

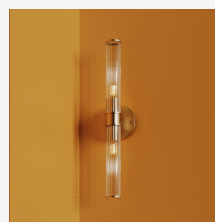

LOOP is a refined linear pendant that combines clean geometry with soft, evenly diffused illumination. The elegant tubular diffuser is framed by a sculptural metal loop, creating a balanced composition that feels both architectural and lightweight. Designed to provide comfortable 360° linear light, LOOP gently illuminates its surroundings while maintaining a minimal visual presence. The contrast between the frosted diffuser and the metal frame adds depth and character, making the fixture suitable for contemporary interiors, dining areas, hospitality environments, and residential spaces. With its timeless proportions and carefully crafted details, LOOP delivers a harmonious balance between form, material, and light.
