GENERAL INFORMATION

The CONSTRUCTIO is a linear pendant fixture defined by its architectural rhythm and refined material contrast. Featuring a balanced arrangement of cylindrical light elements along a structured brass frame, it delivers both upward and downward illumination to create layered, ambient light. Designed for dining areas, conference spaces, and hospitality interiors, CONSTRUCTIO combines visual precision with functional performance. Multiple finish combinations allow the fixture to adapt seamlessly to modern and transitional environments, while its modular composition reinforces a clean, contemporary aesthetic with a strong architectural presence.
