

GENERAL INFORMATION

CALESSA is an acoustic pendant that combines soft materiality with a clean, sculptural form. The felt shade gently surrounds a central frosted glass globe, creating a balanced composition that delivers both visual warmth and functional illumination. Designed to enhance acoustic comfort while providing a soft 360° diffused light, CALESSA is ideal for dining areas, offices, and hospitality environments. The P.E.T. felt surface helps reduce ambient noise, while the integrated light source produces a calm and evenly distributed glow. With a wide range of finishes, the fixture adapts seamlessly to different interiors, functioning as both a lighting solution and an acoustic element within the space.
