

GENERAL INFORMATION

SUNWAVE is an acoustic pendant defined by its flowing wave-like form and layered P.E.T. felt construction. The sculptural silhouette introduces movement and softness to the space while helping reduce ambient noise, creating a comfortable and visually engaging environment. Designed for offices, hospitality venues, collaborative spaces, and contemporary interiors, SUNWAVE combines acoustic performance with integrated illumination. The frosted acrylic diffuser provides comfortable direct light, while the organic geometry transforms the fixture into a distinctive architectural feature that enhances both aesthetics and occupant comfort.
