GENERAL INFORMATION

The TRIONA Pendant is a sculptural linear fixture defined by three slender illuminated arms extending from a compact central junction to create a dynamic, asymmetric composition. Its minimal profile brings a light architectural presence to the ceiling, while frosted acrylic diffusers provide smooth direct illumination without adding visual weight. TRIONA features 90 CRI, 2700K-4000K CCT options, integral 0-10V dimming, and a broad selection of RAL, wood-effect, and metallic finishes. Ideal for dining areas, hospitality spaces, lounges, reception areas, contemporary residential interiors, and architectural installations requiring a distinctive geometric statement.
