

GENERAL INFORMATION

The MELISMA Acoustic Pendant combines sculptural lighting with sound-absorbing performance through a rhythmic arrangement of vertical P.E.T. felt elements. Its layered cylindrical form creates visual depth while the frosted acrylic diffuser delivers soft, comfortable illumination. Available in three sizes with direct or direct/indirect lighting, multiple wattage and CCT options, CRI 90, and integral 0-10V dimming, MELISMA is designed for hospitality, workplace, dining, educational, and other acoustically sensitive interiors.
