GENERAL INFORMATION

SPRINKLED GLASS W is a decorative wall luminaire that combines textured glass and brass elements to create a warm, jewel-like visual presence. The distinctive glass diffuser captures and scatters light across its surface, producing a soft luminous effect that enhances the depth and atmosphere of the surrounding space. Designed for residential interiors, hospitality environments, corridors, and feature walls, SPRINKLED GLASS W delivers gentle ambient illumination with a subtle wall-glow effect. Its refined materials, handcrafted character, and elegant proportions allow the fixture to function as both a functional light source and a decorative architectural accent.
