STYLUME
Architectural System / STL

GENERAL INFORMATION

The STYLUME Architectural Lighting System combines minimalist geometry with creative design flexibility. Featuring luminous acrylic tubes arranged in intersecting vertical and horizontal compositions, the system transforms functional lighting into a striking architectural statement. Its modular-inspired design allows for customized lengths, diameters, and configurations, while integrated LED technology provides soft, evenly diffused 360° illumination. STYLUME is ideal for modern offices, creative workspaces, hospitality interiors, retail environments, and contemporary residential spaces.
