

Laminate Finishes

Today, builders, architects and planners can choose from a variety of colours for window and sliding patio doors made possible by a practically indestructible weather-resistant laminate, which not only enhances the appearance of the building element but also provides lasting protection.

Exterior Finishes

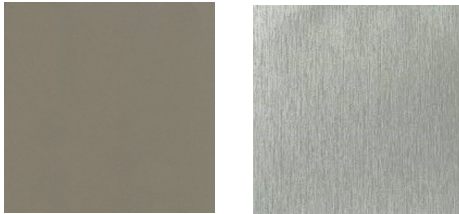

Available for all Alpha and Omega products

Jet Black

Commercial Brown

Iron Ore

Sable

Brushed Silver

Interior Finishes

Available for all Omega products and Alpha Sliding Patio doors

Jet Black interior laminate supports today's contemporary design trend

Rich-looking Stainable Fir laminate takes your stain, or paint, beautifully

High-performing laminate combining fashion and durability

Durable laminate film is permanently adhered to the vinyl extrusion and has highly reflective qualities that block 80% of the sun's near infrared heat for long lasting performance.
