FIELD TRIPS

Sloomoo Institute is a vibrant, immersive experience that celebrates the joy of slime while incorporating STEM initiatives.

Not only is it fun but also educational making it the perfect field trip to engage your students.

Imagine a world of endless handmade, artisanal slime textures, eye-popping colors, delicious scents, soothing ASMR sounds, and mesmerizing visuals, engaging four of the five senses.

Every moment at Sloomoo ignites playfulness, creativity, and connection.

EDUCATIONAL & FUN

Studies have shown that getting kids out of the classroom and sharing experiences on a field trip enhances education. No better way to do that than with our sensory experience. While slime is playful and fun, it's also all about science and STEM.

You can spot science insight throughout the experience.
