

CONTRACT VERIFICATION

Agile and Seamless

Our world-class service and digital technology, combined with our proprietary algorithms and proven process, allow us to develop large-scale, bespoke verifications solutions for our clients. Each solution offers security in knowing that consumer loan contracts are correct, complete, and meet the criteria for the funding program.

The Vervent Contract Verification Advantage:

- Confirms and validates each contract
- Ensures accuracy in recording
- Identifies non-conforming contracts for remediation
- Uncovers origination problem areas
- Delivers detailed reporting including visibility into reasons for verification or rejection
- Significantly reduces turnaround time with enhanced automation

Vervent also offers a comprehensive portfolio of other services designed to accelerate your business and maximize growth including:

- Loan & Lease Servicing
- Credit Card Servicing
- Backup Servicing/Capital Markets Support
- Call Center Services
- Credit Card Marketing & Customer Acquisition
