# How Princes Park Health Centre and Eastbourne Healthcare Partnership uses your information to provide you with healthcare

Princes Park Health Centre and Eastbourne Healthcare Partnership keeps medical records confidential and complies with the General Data Protection Regulation.

We hold your medical record so that we can provide you with safe care and treatment.

We will also use your information so that this practice can check and review the quality of the care we provide. This helps us to improve our services to you.

- We will share relevant information from your medical record with other health or social care staff or organisations when they provide you with care. For example, your GP will share information when they refer you to a specialist in a hospital. Or your GP will send details about your prescription to your chosen pharmacy.
- For more information on how we share your information with organisations who are directly involved in your care can be found on our website
- Healthcare staff working in A&E and out of hours care will also have access to your information. For example, it is important that staff who are treating you in an emergency know if you have any allergic reactions. This will involve the use of your Summary Care Record For more information see: <a href="https://digital.nhs.uk/summary-care-records">https://digital.nhs.uk/summary-care-records</a> or alternatively speak to your practice.
- You have the right to object to information being shared for your own care. Please speak to the practice if you wish to object. You also have the right to have any mistakes or errors corrected.

## Other important information about how your information is used to provide you with healthcare

### **Registering for NHS care**

- All patients who receive NHS care are registered on a national database.
- This database holds your name, address, date of birth and NHS Number but it does not hold information about the care you receive.
- The database is held by NHS Digital, a national organisation which has legal responsibilities to collect NHS data.
- More information can be found at: <u>Data sets NHS England Digital</u> or the phone number for general enquires at NHS Digital is 0300 303 5678 or E-mail <u>enquiries@nhsdigital.nhs.uk</u>

#### Identifying patients who might be at risk of certain diseases

- Your medical records will be searched by a computer programme so that we can identify patients who might be at high risk from certain diseases such as heart disease or unplanned admissions to hospital.
- This means we can offer patients additional care or support as early as possible.
- This process will involve linking information from your GP record with information from other health or social care services you have used.
- Information which identifies you will only be seen by Princes Park Health Centre and Eastbourne Healthcare Partnership.

#### Safeguarding

- Sometimes we need to share information so that other people, including healthcare staff, children or others with safeguarding needs, are protected from risk of harm.
- These circumstances are rare.
- We do not need your consent or agreement to do this.

We are required by law to provide you with the following information about how we handle your information.

	<ul> <li>conditions. MedLink would be the data processor.</li> <li>The practice use a processor, iGPR Technologies Limited</li> </ul>
	("iGPR"), to assist us with responding to report requests
	relating to your patient data, such as subject access
	requests that you submit to us (or that someone acting on
	your behalf submits to us) and report requests that insurers submit to us under the Access to Medical
	Records Act 1988 in relation to a life insurance policy that
	you hold or that you are applying for. iGPR manages the
	reporting process for us by reviewing and responding to
	requests in accordance with our instructions and all

	<ul> <li>applicable laws, including UK data protection laws. The instructions we issue to iGPR include general instructions on responding to requests and specific instructions on issues that will require further consultation with the GP responsible for your care.</li> <li>Other organisations involved in the provision of direct care to individual patients.</li> </ul>
Rights to object	<ul> <li>You have the right to object to information being shared between those who are providing you with direct care.</li> </ul>
	This may affect the care you receive – please speak to the practice.
	You are not able to object to your name, address and other demographic information being sent to NHS Digital.
	This is necessary if you wish to be registered to receive NHS care.
	You are not able to object when information is legitimately shared for safeguarding reasons.
	In appropriate circumstances it is a legal and professional requirement to share information for safeguarding reasons. This is to protect people from harm.
Right to access and correct	You have the right to access your medical record and have any errors or mistakes corrected. Please speak to a member of staff or look at our 'subject access request' policy on the practice website – <a href="Princes Park Health">Princes Park Health</a> Centre - Wartling Road, Eastbourne East, Sussex, BN22  7PG
	We are not aware of any circumstances in which you will have the right to delete correct information from your medical record; although you are free to obtain your own legal advice if you believe there is no lawful purpose for which we hold the information and contact us if you hold a different view.
Retention period	GP medical records will be kept in line with the law and national guidance. Information on how long records are kept can be found at: <a href="https://digital.nhs.uk/article/1202/Records-Management-Code-of-Practice-for-Health-and-Social-Care-2016">https://digital.nhs.uk/article/1202/Records-Management-Code-of-Practice-for-Health-and-Social-Care-2016</a> or speak to the practice.
Right to complain	You have the right to complain to the Information Commissioner's Office. If you wish to complain follow this link <a href="https://ico.org.uk/global/contact-us/">https://ico.org.uk/global/contact-us/</a> or call the helpline 0303 123 1113
Data we get from other organisations	We receive information about your health from other organisations who are involved in providing you with health and social care. For example, if you go to hospital for treatment or an

operation the hospital will send us a letter to let us know what
happens. This means your GP medical record is kept up-to date
when you receive care from other parts of the health service.
