Motion: Arla Graeff

2nd: No Second from the floor

Motion does not pass

A discussion for this topic occurred over the course of the remaining meeting and prior to going into executive. The discussion was predominately about the types of fundraising events that is appropriate for the Board to support. The key factors that were

agreed upon was that the Board would strive to focus on fund raising for those organizations that directly impact the people of Sacramento County. The organization that the St. Patrick's day dinner would impact those in our community, but that wasn't clearly expressed initially. This brought a second point of how we advertise these events to our members to include information about how these organizations directly impact Sacramento County. After this discussion was concluded, the original motion was reintroduced.
