The Mayor stated that the ordinance is still currently in effect, but the city is still looking for ways to solve the issues brought up at the last meeting.

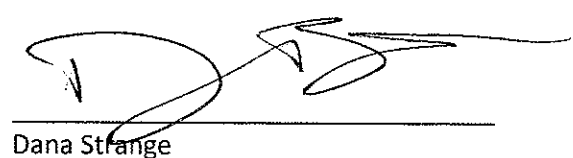

Gary Arvin stated that he had seen some improvement in the condition of some properties around town and said that he appreciated the hard work of the city employees. He then addressed the BOW and asked if they had plans to complete the work that still needs to be done in the back of his property. Mayor Ader stated that as far as the city is concerned the project behind his house is complete and no additional work would be carried out.

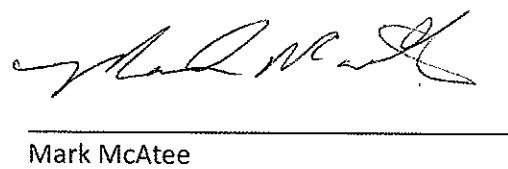

With no further business, the meeting was adjourned at 6:13 pm with a motion made by Danny and seconded by Dana. All in favor, motion carried.
