

FRONTEND SYSTEMS DEVELOPMENT ENGINEER

📍 Škofljica | 🌍 40+ countries | 💻 SaaS B2B

We offer you an opportunity in a rapidly growing industry!

Location: Škofljica (with the possibility of working from home after a trial period)

Do you want to create technology that actually changes the world and will significantly shape the future of all of us?

What will you do?

- Developed new web solutions and helped maintain existing ones
- Collaborated with development, product, design and support teams
- Contributed to code quality (code review, unit tests, technical documentation)
- Suggested improvements and looked for better solutions, Learned, grew and contributed ideas - your opinion counts!

What do we want you to know?

- You have experience with at least one JS framework or library (ideally ReactJS or AngularJS)
- You understand the basic concepts of web development, Javascript language (SPA, SSR, etc.)
- You are proficient in tools such as npm, Visual Studio Code and at least have basic knowledge of GIT
- You write clear, understandable and organized code
- You speak and read English
- You enjoy working with a team and are willing to learn new things

Any additional advantages?

- If you know back-end development, Web APIs or WebSocket solutions
- If you are familiar with security (OWASP guidelines)
- If you have already worked in a Scrum environment

What about education?

It's not all about papers - we are looking for people with knowledge and experience.

If you have a VI. or VII. degree in a technical field (computer science, electrical engineering, mathematics), great!

We want someone with at least 5 years of experience in a similar role, but we can adapt if you have the right knowledge and motivation.

What do we offer you?

- Interesting work on an international project that is changing the world of mobility
- Working in a young, dynamic, fast-growing company
- Pleasant, connected and open team
- Long-term cooperation
- Work from home (flexible)
- Coffee, fresh fruit and relaxation with table tennis
- A working environment where ideas are welcome and we strive to grow together
