SaaS platforma – celovito upravljanje infrastrukture za polnjenje električnih vozil

OCEAN EV Charging Platforma, v lasti Ocean EV Charging d.o.o., je hitro rastoči IT produkt ter eden izmed vodilnih sistemov na področju e-mobilnosti v Evropi, ki ga uporabljajo največja podjetja in multinacionalke od največjih elektro-energetskih podjetij, naftnih družb, proizvajalcev vozil in drugih vodilnih podjetij na področju elektromobilnosti. Naše rešitve so prisotne v več kot 40 državah, od Grenlandije do Avstralije.

We offer you an opportunity in a fast-growing industry!

🌊 DATABASE ADMINISTRATOR 🌊

building the infrastructure that powers the world's e-mobility
📍 Škofljica | 🌍 Global | ⚡ E-mobility | 💻 SaaS B2B

Do you want to contribute to the development of technology that truly changes the world? The **OCEAN EV Charging Platform** is one of the leading solutions for smart management of charging infrastructure – and we are now expanding our team of data systems experts who power a global system used from Greenland to Australia. 🌍 🚗

What will your key responsibilities be? 💻

As a Database Administrator, you will be the guardian of the informational pulse of the OCEAN platform:
• Designing the strategy for the development of databases, data warehouses, and data storage systems
• Administration, optimization, and performance monitoring of databases (SQL queries, schemas, tables, views)
• Collaborating with developers on the design and development of data models
• Developing database-level logic (functions, procedures)
• Managing database release management
• Ensuring audit trails and data security
• Managing backups and overseeing development, staging, and production environments

What are we looking for? 🎯

• Advanced knowledge of MS SQL and database optimization
• Experience with data warehousing, OLAP, BI, MDX, Integration Services, and ETL packages
• Knowledge of ElasticSearch, Big Data services, and visualization tools
• Active use of English
• Bonus: advanced knowledge of caching systems and NoSQL databases
• Precision, proactiveness, and a strong desire for continuous learning 🧠

What about education? 🎓

It's not all about diplomas – we value knowledge and hands-on experience.
• A Level VI or VII degree in a technical field (computer science, electrical engineering) is a bonus
• At least 5 years of experience in a similar role, but true motivation and expertise matter just as much 🚀

What do we offer? 🌟

• Professional development and growth in a supportive environment 🌱
• Work on an international project that is transforming the world of mobility
• A young, dynamic, and connected team 🤝
• Long-term collaboration
• Hybrid way of working after the probation period 💻 🏡
• Fresh fruit, coffee, and relaxation with table tennis ☕ 🍎 🏓

📩 **Application:**
If you see yourself in the description above, send your CV in English with the subject **"DATABASE ADMINISTRATOR"** to: **careers@oceanevcharging.com**
