Welcome, Introductions, and Agenda

Kyle Clark, Chair

Agenda

Day 1 – May 9, 2024

1:00 – 1:15 PM	Welcome, Introductions, and Agenda	Kyle Clark
1:15 – 2:00 PM	Alcohol Monitoring Systems	Steve Sosa & Chris Earl
2:00 – 3:00 PM	FIDC Strategic Action Plan Subcommittee Breakout Session • 1B.3 – Impaired Driving Visualization • 5A.1 – 24/7 Program • 5A.9 – DUI Treatment Program Best Practices	Action Step Leaders
3:00 – 3:15 PM	Break	
3:15 – 4:00 PM	OMMU Modernization Presentation	Todd Schimpf
4:00 – 4:15 PM	Action Plan Report Out Format Review	Danny Shopf
4:15 – 4:45 PM	Action Plan Report Out • Goal 1 – Program Management and Strategic Planning • Goal 4 – Program Evaluation and Data • Goal 5 – Alcohol and Other Drug Misuse	Group Discussion
4:45 – 5:00 PM	Public Comment Period	Chris Craig
5:00 – 5:15 PM	Day 1 Recap	Danny Shopf

Agenda

Day 2 – May 10, 2024

9:00 – 9:15 AM	Recap of Day 1	Kyle Clark
9:15 – 10:30 AM	Materials Review • DUI Diversion Programs Fact Sheets • Oral Fluid Testing Fact Sheet • Medical Marijuana Dispensary Poster	Group Discussion
10:30 – 10:45 AM	Break	
10:45 – 11:00 AM	Legislative Updates	Group Discussion
11:00 – 11:30 AM	Action Plan Report Out • Goal 2 – Prevention • Goal 3 – Communication Program • Goal 6 – Criminal Justice System	Group Discussion
11:30 – 11:45 AM	Public Comment Period	Chris Craig
11:45 – 12:00 PM	Wrap Up and Next Steps	Danny Shopf

Alcohol Monitoring Systems

Steve Sosa & Chris Earl

FIDC Strategic Plan Subcommittee Breakout Session

Group Discussion

FIDC Strategic Action Plan Subcommittee Breakout

- » **45-minute discussion** focused on key IDSP Actions
- » Members will **divide into three groups**
 - Participants are encouraged to float between groups if multiple topics are of interest to them
- » Alan, Crystal, and Danny will lead **follow-up virtual meetings** before the next FIDC Meeting
- » If there is time remaining, coordinate with other members on actions not identified for discussion at this meeting

FIDC Strategic Action Plan

Subcommittee Breakout Session

1B.3

Danny

- Develop a visual representation of Florida's full impaired driving countermeasures system which maps out what happens to someone when they receive a DUI (enforcement through treatment).

5A.1

Alan

- Document 24/7 program best practices and develop a presentation which includes alcohol and other impairing substances for use in soliciting programs to participate in a Florida pilot.

5A.9

Russ

- Identify and document best practices for DUI Treatment Programs.

for Medical Use.

KnowTheFactsMMJ.com

The Office of Medical Marijuana Use (OMMU)

The Office of Medical Marijuana Use (OMMU) works diligently as the regulating entity of Florida's medical marijuana use program. The OMMU highly prioritizes the safe and legal use of medical marijuana by all qualified patients.

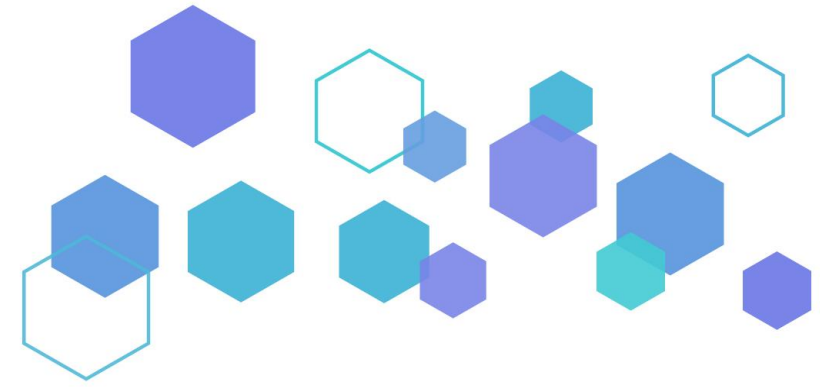

To accomplish this, the OMMU completes routine inspections of the Treatment Centers' cultivation, processing, and dispensing facilities, and requires comprehensive testing of all medical marijuana and low-THC cannabis products through the Certified Marijuana Testing Laboratories before products are made available to qualified patients.

The OMMU also develops rules and processes to safeguard the medical aspect of the program and combat diversion. Finally, the OMMU creates and publishes a variety of educational resources on how to access medical marijuana safely and legally in Florida.

Florida's Official Source for Medical Use.

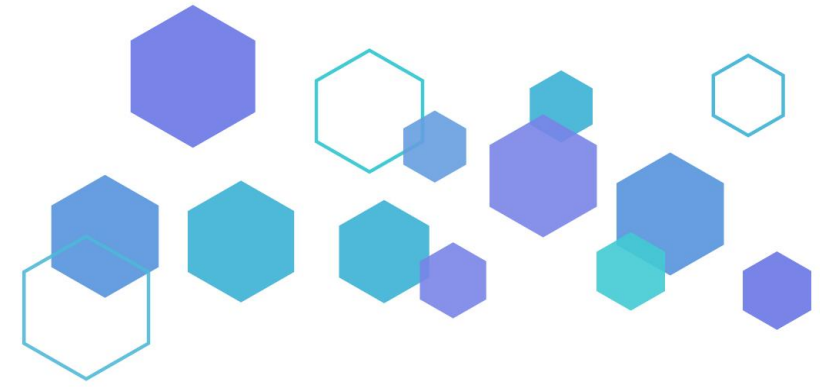

Medical Marijuana Use Program Updates

Recent Program Updates

Patient/Caregiver Documentation Dashboard

If the patient's qualified physician has created a current, active certification that requires the submission of certain documents to the Office of Medical Marijuana Use, then the patient will see records for any of the following documents displayed on their dashboard:

1. “RFE” – Request for Exception
2. “CMP” – Consent for Minor Patient (only required to be completed for patients who are minors)
3. “2PC” – Second Physician Concurrence (only required to be completed for patients who are minors that are receiving Marijuana in a form for Smoking)

Patient/Caregiver Documentation Dashboard

The Certification Documentation Dashboard allows patients to filter and sort their records in many ways. They may filter and sort their dashboard with the following methods:

1. Certification Start Date (Sort-able column)
2. Document Type (Filter-able and Sort-able column)
3. Document Status (Filter-able and Sort-able column)
4. Last Date Submitted (Sort-able column)
5. Qualified Physician (Sort-able column)

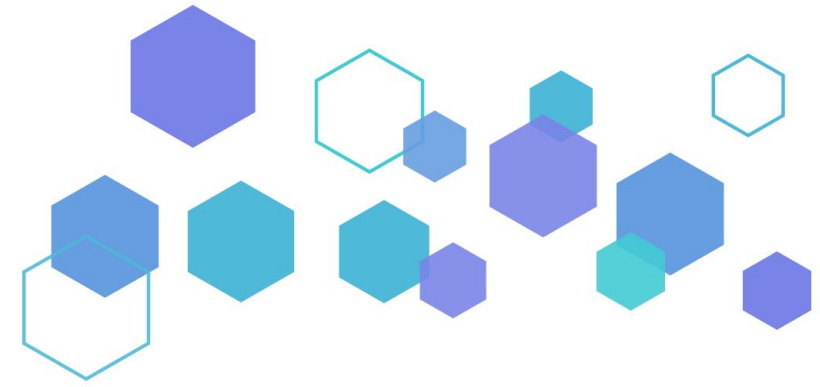

The screenshot displays the 'Medical Marijuana Use Registry' dashboard. At the top, the Florida Health logo is on the left, and the title 'Medical Marijuana Use Registry' is in the center. Below the title, there is a navigation bar with links: HOME, YOUR PROFILE, YOUR CARD, CHANGE PASSWORD, and LOG OUT. On the right side of the navigation bar, it says 'UAT | Welcome | TYPICAL PATIENT'. Below the navigation bar, there is a section titled 'Certification Documentation Status'. Under this section, there is a 'Show 10 entries' dropdown menu. Below the dropdown menu, there is a table with the following columns: 'Certification Start Date', 'Select Type', 'Select Status', 'Last Date Submitted', and 'Physician'. The first row of the table contains the following data: '10/16/2023', 'RFE', 'Not Yet Submitted', and 'MICHELLE BEASLEY'. At the bottom of the table, there is a pagination bar that says 'Showing 1 to 1 of 1 entries' and 'Previous 1 Next'. A red box highlights the header row of the table, and the text 'Filter-able & Sort-able Columns' is written in red above the table.

Certification Start Date	Select Type	Select Status	Last Date Submitted	Physician
10/16/2023	RFE	Not Yet Submitted		MICHELLE BEASLEY

Patient/Caregiver Documentation Dashboard

The Certification Documentation Dashboard will display the current status for each document. These documents must be reviewed and approved by the OMMU as required by 381.986, Florida Statutes. The potential statuses that may be seen on this dashboard for each of the respective documents are as follows:

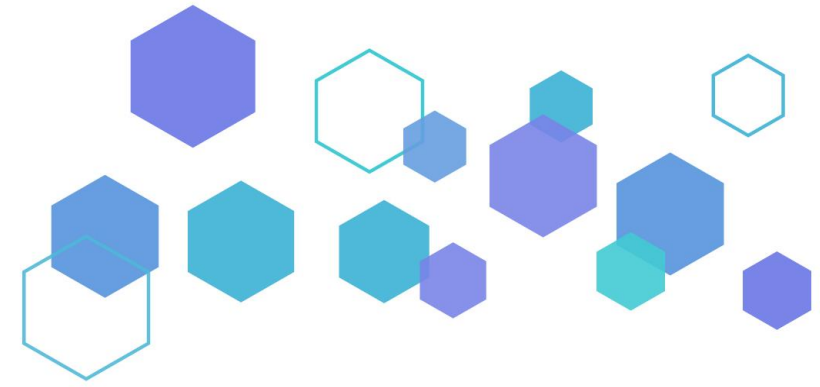

1. Not Yet Submitted – this status indicates your Qualified Physician has not yet submitted your document to the OMMU for review.
2. Submitted – this status indicates your document has been submitted to the OMMU by your Qualified Physician.
3. Needs More Information – this status indicates your document has been reviewed by the OMMU and could not be processed because more information is needed from your Qualified Physician. Your Qualified Physician must re-submit the document after supplying the requested additional information.
4. Approved – this status indicates your document has been reviewed by the OMMU and has been approved. No other information or documents are needed at this time for this particular request.

Florida Department of Health Seed-To-Sale System

Seed-To-Sale System

Emergency Rule 64ER24-2, implemented section 381.986(8), Florida Statutes, by establishing procedures and requirements for continued integration of a medical marijuana treatment center's internal seed-to-sale tracking system with the Department of Health's seed-to-sale tracking system.

Click the “Show Orders” button listed above the Patient’s demographic information.

The screenshot displays a form titled "Patient Demographics" with a section labeled "AUTHORIZED TO POSSESS". This section contains five rows, each with a product type, a status icon, and a response. The first four rows (Low-THC Products, Medical Marijuana Products, Marijuana for Smoking, and Delivery Devices) all show a red 'X' icon and the word "No". The fifth row (Carries Valid OMMU Card) shows a green checkmark icon and the word "Yes". Below this section, a blue button labeled "Show Orders" is circled in red. A red arrow points from the text "Click 'Show Orders'" to this button.

Patient Demographics

LEO Understanding Patients' Orders

Each order shows:

- **Start Date:** The date the order is or was open or is scheduled to open.
- **End Date:** The date the order did or will expire.
- **Order Type:** The type of marijuana the physician ordered for the patient. The available types are: Medical Marijuana (“THC” products), Low-THC Cannabis (“CBD” Products), or Smoking Marijuana (Whole Flower Marijuana).
- **Order Status:** Orders are listed as Open, Scheduled, Expired, Completed, or Cancelled.
- **Open Orders:** Orders from which the patient/caregiver can currently purchase medical marijuana.
- **Scheduled Orders:** Orders that will become open at a later date.
- **Expired Orders:** Orders that are past the end date but not all dispensations were made.
- **Completed Orders:** all dispensations have been made from that order.
- **Cancelled Orders:** the physician has cancelled the order.
- **Placed By:** The name of the physician who placed the order. Clicking the physician’s name will take you to that physician’s profile page.
- **Purchase Device:** Shows if the patient is authorized to purchase a delivery device. This is decided by the physician.
- **Days:** The number of days the order is open.

LEO Understanding Patients' Orders

Click the “+” or “-” keys to expand/collapse the details of each route and view all associated dispensations.

LEO Understanding Patients' Orders

Once the order has been expanded you will find:

- The **route(s)** the physician has recommended for the patient to use/take for the type of marijuana.
- **Total Amount Ordered:** The total milligrams on the order.
- **Mg Per Day:** The number of milligrams per day recommended by the physician.
- **Dispensation history** of all items the patient/caregiver has purchased from an MMTC.

Florida law requires the Department of Health to immediately suspend the registration of a qualified patient or caregiver who is **charged** with a violation of chapter 893, F.S., until final disposition of any alleged offense. Thereafter, the Department of Health may extend the suspension, revoke the registration or reinstate the registration.

The Department of Health relies on law enforcement organizations to report violations that are grounds for suspending or revoking registrations.

The OMMU has two ways for law enforcement organizations to report 893 violations:

1. The Registry 893 Violation Electronic Reporting Form.
2. Emailing the OMMU.

Electronic 893 Reporting

The Registry allows Law Enforcement agencies with authorized users to electronically report Chapter 893 Violations to the OMMU. There are 11 easy steps to follow to report an 893 violation:

Step 1: Log into the Medical Marijuana Use Registry (<https://MMURegistry.FLHealth.gov/Public/Login>).

Step 2: Locate the patient or caregiver for whom you are reporting the Chapter 893 Violation.

Electronic 893 Reporting (continued)

Step 3: After locating the respective patient or caregiver profile, click the “Report 893 Violation” hyperlink located underneath the profile photo and ID Card number.

The screenshot displays the Florida Medical Marijuana Use Registry interface. At the top left is the Florida Health logo and the title 'Medical Marijuana Use Registry'. Navigation links for 'People Search' and 'Log Out' are present. The main content area is split into two panels. The left panel, titled 'PATIENT, TYPICAL', shows 'Patient ID: P7RK4235', a placeholder profile photo, and 'Card #: P0QUI4V8JQ3A'. Below this are three buttons: 'Show Order History', 'Show Open Order Details', and 'Show Dispensable Amounts'. A fourth button, 'Report 893 Violation', is located below these. A red arrow points from the text 'Click [Report 893 Violation].' to this button. The right panel contains the text 'This patient has no open orders.'

Electronic 893 Reporting (continued)

Step 4: After clicking the button, you are re-directed to the Chapter 893 Violation electronic form. The form includes pre-populated information related to the patient or caregiver.

Review the pre-populated information to ensure it is correct.

  *Click [Submit].*

Electronic 893 Reporting (continued)

Step 10: A pop-up appears for you to confirm your submission. Click “Confirm” to finish submitting your report to the OMMU.

Confirm Chapter 893 Violation Submission

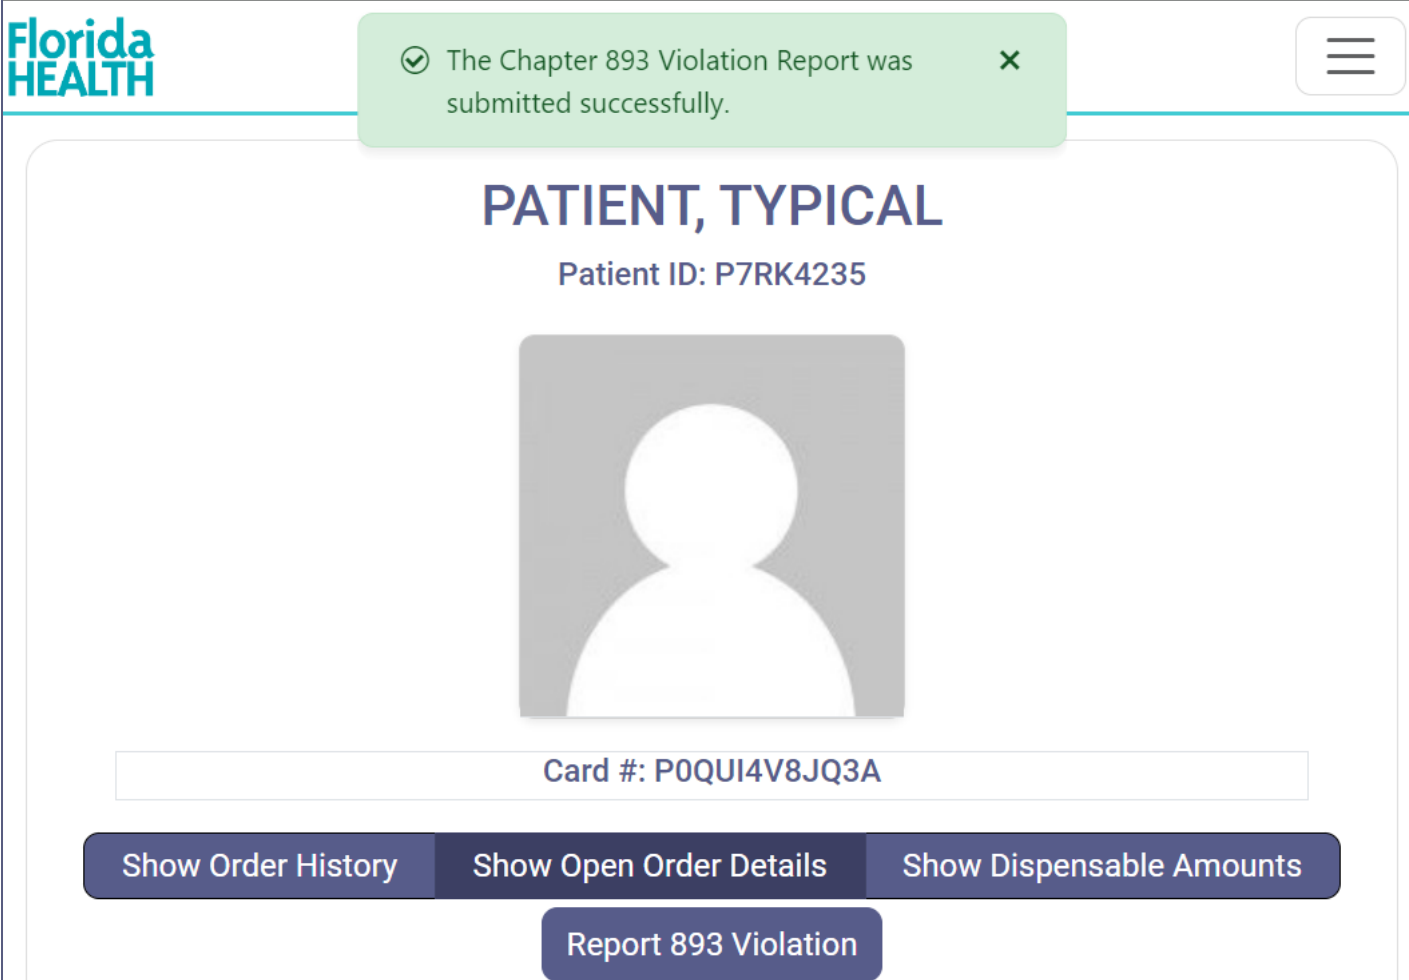

Click Confirm to report the Chapter 893 Violation to the OMMU.

Click [Confirm]. → Confirm Cancel

Electronic 893 Reporting (continued)

Step 11: You will be automatically returned to the patient or caregiver's profile page. From here, the OMMU will review your Chapter 893 Violation form submission and make a determination.

There is nothing further required from the LEO as it relates to your Chapter 893 Violation submission.

The screenshot displays the Florida Health OMMU interface. At the top left is the Florida Health logo. A green notification banner at the top right states: "The Chapter 893 Violation Report was submitted successfully." with a close button (X). The main content area is titled "PATIENT, TYPICAL" with "Patient ID: P7RK4235" below it. A placeholder for a patient profile picture is shown. Below the picture is a text box containing "Card #: P0QUI4V8JQ3A". At the bottom, there are three buttons: "Show Order History", "Show Open Order Details", and "Show Dispensable Amounts". A fourth button, "Report 893 Violation", is positioned below the first two buttons.

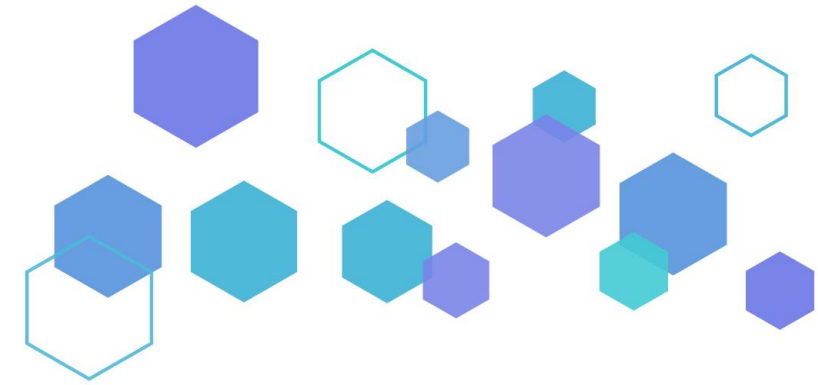

Reporting to the OMMU (continued)

Law enforcement agencies can also notify the OMMU of a qualified patient or caregiver who is charged under chapter 893, F.S., or for a violation under section 381.986, F.S., via email to MedicalMarijuanaUse@FLHealth.gov.

Please include the words “Confidential pursuant to s. 119.071(2), F.S.” in the subject line or body of the email message. That flags the information as confidential and exempt from disclosure.

Please provide, at minimum, the charged individual's name, DOB, Patient ID (if applicable), and any pertinent details of the violation (date of occurrence, case number, etc.).

Public Record/Data Requests can be submitted at OMMUInformationRequests@FLHealth.gov.

LEO Tip Card Legal Use

MEDICAL MARIJUANA IN FLORIDA

- ◆ Each qualified patient and caregiver is required to have a valid Medical Marijuana Use Registry (MMUR) identification (ID) card, which must be renewed annually. [§ 381.986(7)(a), Fla. Stat.]
- ◆ A qualified patient or caregiver in possession of marijuana or a marijuana delivery device who fails or refuses to present his or her MMUR ID card upon the request of a law enforcement officer commits a misdemeanor of the second degree. [§ 381.986(12)(e)1., Fla. Stat.]
- ◆ A person is prohibited from the operation of any vehicle, aircraft, train or boat while under the influence of medical marijuana. [Art. X, § 29(c)(4), Fla. Const.]
- ◆ Section 381.986, F.S., does not allow reciprocity agreements with other states. Bringing medical or recreational marijuana from another state into Florida violates s. 893.13, F.S.

- ◆ A qualified patient or caregiver who uses or administers marijuana, not including low-THC cannabis, in plain view of or in a place open to the general public; in a school bus; a vehicle; an aircraft or a boat; or on the grounds of a school except as provided in s. 1006.062, F.S., commits a misdemeanor of the first degree. [§ 381.986(12)(c), Fla. Stat.]
- ◆ A Florida qualified patient and the qualified patient's caregiver:
 - ✓ May purchase from a Medical Marijuana Treatment Center (MMTC) for the patient's medical use a marijuana delivery device and up to the amount of marijuana authorized in the physician certification.
 - ✓ May not possess more than a 70-day supply of marijuana, or the greater of 4 ounces of marijuana in a form for smoking or 1.6 times the number of ounces of the amount ordered for marijuana in a form for smoking approved by the department pursuant to s. 381.986(4)(f), F.S. and Emergency Rule 64ER22-3., at any given time.
 - ✓ **Must** keep all medical marijuana purchased in its original MMTC packaging. [§ 381.986(14)(a), Fla. Stat.]

LEO Tip Card Packaging

MEDICAL MARIJUANA PACKAGING

Section 381.986(8)(e)11.f., F.S., requires Medical Marijuana Treatment Centers (MMTCs) to package the marijuana in a receptacle that has a firmly affixed and legible label stating the following information:

- ♦ The marijuana or low-THC cannabis meets the requirements of sub-subparagraph d
- ♦ The name of the medical marijuana treatment center
- ♦ The batch number, harvest number and the date dispensed
- ♦ Issuing physician's name
- ♦ Patient's name
- ♦ The product name, if applicable, and dosage form
- ♦ Recommended dose
- ♦ A warning that it is illegal to transfer medical marijuana to another person
- ♦ The marijuana universal symbol

- ♦ Qualified patients and the qualified patient's caregiver **must** keep all medical marijuana purchased in its original MMTC packaging.
- ♦ Packaging for marijuana in a form for smoking or edibles must be plain, opaque, and white. The universal symbol must be printed on the package and be no less than 10 percent of the overall surface area of the package.
- ♦ Receptacles for edibles must have a warning to keep away from children and pets, and a warning stating that the edible has not been produced or inspected pursuant to federal food safety laws.
- ♦ Receptacles for whole flower must have a warning to keep the product away from children and a warning stating that marijuana smoke contains carcinogens and may negatively affect health.

Packaging and Labeling Requirements

Section 381.986(8)(e)11.f., F.S., requires Medical Marijuana Treatment Centers (MMTCs) to package the marijuana in a receptacle that has a firmly affixed and legible label stating the following information:

- The marijuana or low-THC cannabis meets the requirements of sub-subparagraph d
- The name of the medical marijuana treatment center
- The batch number, harvest number and the date dispensed
- Issuing physician's name
- Patient's name
- The product name, if applicable, and dosage form
- Recommended dose
- A warning that it is illegal to transfer medical marijuana to another person
- The marijuana universal symbol

Original Packaging

Qualified patients and the qualified patient's caregiver must keep all medical marijuana purchased in its original MMTC packaging.

Plain, Opaque, and White

Packaging for marijuana in a form for smoking or edibles must be plain, opaque, and white. The universal symbol must be printed on the package and be no less than 10 percent of the overall surface area of the package.

Edibles Warning Label

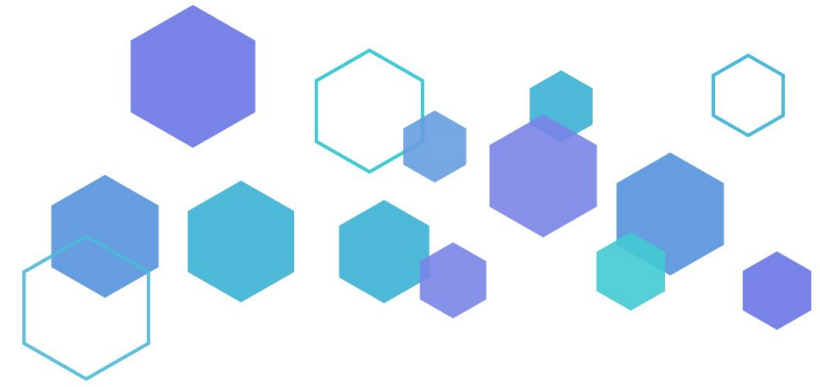

Receptacles for edibles must have a warning to keep away from children and pets, and a warning stating that the edible has not been produced or inspected pursuant to federal food safety laws.

Whole Flower Warning Label

Receptacles for whole flower must have a warning to keep the product away from children and a warning stating that marijuana smoke contains carcinogens and may negatively affect health.

Law enforcement should notify the OMMU of a qualified patient or caregiver who is charged under chapter 893, F.S., or for a violation under section 381.986, F.S., via email to MedicalMarijuanaUse@FLHealth.gov.
