

MICRO-TINT SERIES

Our most finely milled tints, these penetrate deeply and highlight the character of the wood without obscuring the grain.

MT PDX WHITE

MT PONDEROSA

MT PECAN

MT HAZELNUT

MT MYRTLEWOOD

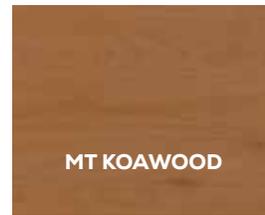

MT TAMARACK

MT MADRONE

MT TUMAC MAHOGANY

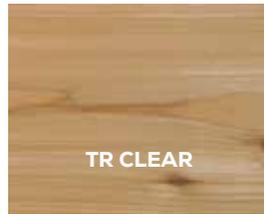

MT KOAWOOD

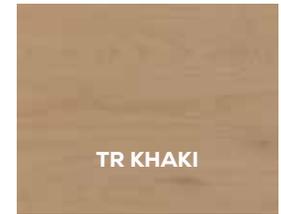

MT CHESTNUT

All colors shown with two coats on cedar, simulated on the same piece of wood for accuracy & comparison. Order liquid samples to test on your wood.

ST TEAK

ST ROSEWOOD

ST EBONY

SEMI-TRANSPARENT SERIES

Our semi-transparent series colors have more pigment, so the color is saturated, while still allowing some of the grain and texture to show through.

SEMI-SOLID SERIES

Our semi-solid series colors have the most pigment, with most of the grain obscured but leaving the natural wood texture visible. These colors are not recommended for smooth decks.
