*ISO*Layment QT

Low-profile, recycled rubber underlayment.

*ISO*Layment QT can be installed over plywood sheathing, concrete floors, heavy timber planks, and gypsum concrete. Finished flooring includes concrete, ceramic tile, vinyl sheet and LVT, stone, wood, and gypsum concrete—which can be applied directly on *ISO*Layment QT.

• Lowest profile assembly of any flooring solution • Meets code for STC/IIC 6" concrete construction • Combine with the manufacturer WAVE Hanger, IsoMax, and ICW ceiling hangers to maximize performance in wood-framed construction
- 92 percent recycled rubber
- Passes air quality tests

Model	Roll Size*	Square Feet Per Roll
QT-F02	2mm x 75'	300
QT-F03	3mm x 50'	160
QT-F05	5mm x 30'	120
