

WESTFIELD MONTHLY NEWSLETTER

November 2025

What's Happening At Westfield

This month at Westfield, our students excelled across academics, athletics, and experiential learning. From competitions to excursions, it's been a month full of growth and memorable experiences. Our basketball program continues to make waves, with all 3 teams currently ranked in the top 7 of their leagues as they prepare for upcoming games.

Remembrance Day

On November 11th, Westfield students and staff came together to honour Remembrance Day, a time to reflect on the courage and sacrifices of those who have served and continue to serve our country.

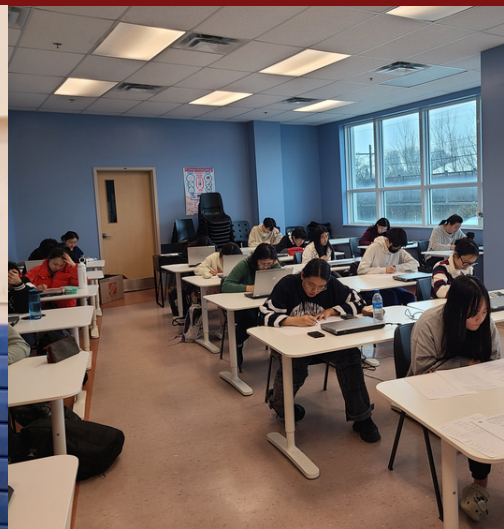

As a community, we take this time to express our gratitude and ensure their legacy of courage and service is never forgotten.

Lest we forget.

- **December 17th:** Mid-Semester Evaluation Day
- **December 19th:** Last day students can withdraw from Semester 2 classes
- **December 18th - January 4th:** Christmas Holidays

MONTHLY SNAPSHOTS

MATH COMPETITION

Last year, our school took part in a wide range of renowned mathematics competitions, which provided students with valuable enrichment opportunities and exposure to advanced problem-solving. Throughout these contests, our students consistently demonstrated strong analytical thinking, perseverance, and a genuine passion for mathematics. Many of them achieved commendable scores, with several earning certificates of distinction and recognition for their exceptional results.

We are particularly proud of our students' performance in the Euclid Contest, one of the most challenging senior-level mathematics competitions offered by the University of Waterloo. Our school achieved an impressive provincial ranking of 26, reflecting not only the high level of student achievement but also the dedication of our mathematics department in preparing and supporting them.

Building on that momentum, this year our students are once again preparing to participate in these prestigious contests. We look forward to seeing our students challenge themselves and continue the tradition of excellence established last year.

ZOO FIELD TRIP

Our students had an amazing time exploring the Toronto Zoo this month. The trip offered a fun and educational experience outside the classroom. It was a great opportunity for students to connect with nature, spend time with friends, and see their lessons come to life in a real-world setting.

BASKETBALL

All three of our basketball teams are currently ranked in the top 10 across every league in which we compete, a testament to their hard work and dedication. As we enter the next phase of the season with the National Senior and Junior Circuits, our athletes are building strong momentum and preparing for an exciting series of trips in the new year.
