

Westfield Monthly Newsletter

September Edition

This past month we had the pleasure of welcoming many new and returning students to Westfield Secondary School.

We held a successful Orientation day where students were introduced to Westfield staff, procedures and expectations.

There were also many other exciting events taking place throughout the month, including our Student Council Campaign and Election. Students had the opportunity to campaign for their desired positions by visiting classrooms, sharing their ideas, goals, and creating engaging posters to introduce themselves to their peers. The election gave students a chance to actively participate in the school community and make their voices heard.

The University Fair also took place this month, providing students with the opportunity to connect with representatives from a variety of post-secondary institutions, including the University of Toronto, the University of Chicago, the University of Waterloo, Western University, and many more.

To close out the month, we held our annual Terry Fox Run, bringing together students and staff to take part in a community walk. Through this meaningful event, our school also came together to raise funds in support of cancer research!
